

THRIVE

Is your church alive, buzzing with a fresh sense of God's Spirit?

Is your church pursuing a kingdom vision marked by health and vitality?

We believe God's Spirit is always active in His Church. A season of intentional discernment through wise counselors can unleash a fresh out-pouring of life and newness. THRIVE is an initiative to provide resources for MB Churches as they engage in these special seasons of listening and responding to the call of God in pursuit of a healthy church.

THRIVE

In 3 Steps your church can be on its way to reaching your full ministry potential.

Assess

Church Leadership engages with the District Minister to identify an area of church life that would most benefit from a season of intentional discernment leading to action steps.

Develop

Church Leadership, in consultation with District Minister, identify the best resource and develop a specific plan of how they will utilize the services. Recommended resources are available at www.mbfoundation.com/thrive.

Apply

Submit grant request to MB Foundation. Successful grant applications will include a Church Health Grant Request and Funding Plan. Grants up to \$5,000 are awarded on a sliding scale based on average attendance and will require some financial investment from the church.

Funding for THRIVE initiatives is based on church average attendance. The following scale will be used to determine grant levels:
100 or less = MBF provides 75% support | 100-249 = MBF provides 50% support | 250+ = MBF provides 25% support

To apply or to review resources go to
