STATE SPECIFIC INFORMATION

We only sell our Certificates in certain states. If you purchase a Certificate and then move to a state in which we are not registered to sell Certificates or are not exempt from registration, you will not be allowed to purchase another Certificate or add principal to an existing Certificate.

California and Oregon. Automatic renewal upon maturity of a Term Certificate, as provided in our Offering Circular (see “Description of Our Certificates—Term Certificates—Maturity” on page 9), is not available to investors who are California or Oregon residents. Like investors in other states, you will receive a maturity notice and—if you have not already received one—a copy of our current Offering Circular at least thirty days before the maturity date of your Certificate. But to renew your Certificate, you must sign and return the renewal instructions form included with the maturity notice. You must also sign and return the renewal instructions form to redeem your Certificate. If you fail to return your form, the Certificate’s outstanding principal and accrued interest as of the maturity date will be treated and earn interest as if they are invested in a Demand Certificate. Therefore, after the maturity date, your investment would be redeemable with appropriate notice on demand, and without penalty.

Oregon. We have registered an aggregate amount of \$1,200,000 in Certificates to be offered in Oregon.

South Dakota. These securities are offered pursuant to a claim of exemption from registration under SDCL 47-31B-201(7)(B) of the South Dakota Securities Act. Neither the South Dakota Division of Insurance nor the United States Securities and Exchange Commission has passed upon the value of these securities, made any recommendations as to their purchase, approved or disapproved the offering, or passed upon the adequacy or accuracy of this Offering Circular. Any representation to the contrary is unlawful.

Washington. Automatic renewal upon maturity of a Term Certificate, as provided in our Offering Circular (see “Description of Our Certificates—Term Certificates—Maturity” on page 9), is not available to investors who are Washington residents. Like investors in other states, you will receive a maturity notice and—if you have not already received one—a copy of our current Offering Circular at least thirty days before the maturity date of your Certificate. But to renew your Certificate, you must sign and return the renewal instructions form included with the maturity notice. If

you fail to return your form, the Certificate’s outstanding principal and accrued interest will be promptly returned to you.

If you are a Washington resident, you may purchase a Certificate only if, prior to receiving this Offering Circular, you or one of your ancestors, descendants or other relatives was a member of, a contributor to (including as an investor), or participant in, or was affiliated with, had shared values with, or otherwise had a programmatic or other similar relationship with, an MB organization, including MB Foundation and MBLF, or you were an MB organization.

California. California requires the following copy of section 260.141.11 to be delivered to each issuee of our Certificates:

260.141.11 Restriction on Transfer

- (a) The issuer of any security upon which a restriction on transfer has been imposed pursuant to Section 260.141.10 or 260.534 shall cause a copy of this section to be delivered to each issuee or transferee of such security at the time the certificate evidencing the security is delivered to the issuee or transferee.
- (b) It is unlawful for the holder of any such security to consummate a sale or transfer of such security, or any interest therein, without the prior written consent of the Commissioner (until this condition is removed pursuant to Section 260.141.12 of these rules), except:
 - (1) to the issuer;
 - (2) pursuant to the order or process of any court;
 - (3) to any person described in Subdivision (i) of Section 25102 of the Code or Section 260.105.14 of these rules;
 - (4) to the transferor's ancestors, descendants or spouse, or any custodian or trustee for the account of the transferor or the transferor's ancestors, descendants, or spouse; or to a transferee by a trustee or custodian for the account of the transferee or the transferee's ancestors, descendants or spouse;
 - (5) to holders of securities of the same class of the same issuer;
 - (6) by way of gift or donation inter vivos or on death;
 - (7) by or through a broker-dealer licensed under the Code (either acting as such or as a finder) to a resident of a foreign state,

territory or country who is neither domiciled in this state to the knowledge of the broker-dealer, nor actually present in this state if the sale of such securities is not in violation of any securities law of the foreign state, territory or country concerned;

- (8) to a broker-dealer licensed under the Code in a principal transaction, or as an underwriter or member of an underwriting syndicate or selling group;
- (9) if the interest sold or transferred is a pledge or other lien given by the purchaser to the seller upon a sale of the security for which the Commissioner's written consent is obtained or under this rule not required;
- (10) by way of a sale qualified under Sections 25111, 25112, 25113, or 25121 of the Code, of the securities to be transferred, provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;
- (11) by a corporation to a wholly owned subsidiary of such corporation, or by a wholly owned subsidiary of a corporation to such corporation;
- (12) by way of an exchange qualified under Section 25111, 25112 or 25113 of the Code, provided that no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification;
- (13) between residents of foreign states, territories or countries who are neither domiciled nor actually present in this state;
- (14) to the State Controller pursuant to the Unclaimed Property Law or to the administrator of the unclaimed property law of another state; or
- (15) by the State Controller pursuant to the Unclaimed Property Law or by the

administrator of the unclaimed property law of another state if, in either such case, such person (i) discloses to potential purchasers at the sale that transfer of the securities is restricted under this rule, (ii) delivers to each purchaser a copy of this rule, and (iii) advises the Commissioner of the name of each purchaser;

- (16) by a trustee to a successor trustee when such transfer does not involve a change in the beneficial ownership of the securities;
 - (17) by way of an offer and sale of outstanding securities in an issuer transaction that is subject to the qualification requirement of Section 25110 of the Code but exempt from that qualification requirement by subdivision (f) of Section 25102; provided that any such transfer is on the condition that any certificate evidencing the security issued to such transferee shall contain the legend required by this section.
- (c) The certificates representing all such securities subject to such a restriction on transfer, whether upon initial issuance or upon any transfer thereof, shall bear on their face a legend, prominently stamped or printed thereon in capital letters of not less than 10-point size, reading as follows:
- ""IT IS UNLAWFUL TO CONSUMMATE A SALE OR TRANSFER OF THIS SECURITY, OR ANY INTEREST THEREIN, OR TO RECEIVE ANY CONSIDERATION THEREFOR, WITHOUT THE PRIOR WRITTEN CONSENT OF THE COMMISSIONER OF FINANCIAL PROTECTION AND INNOVATION OF THE STATE OF CALIFORNIA, EXCEPT AS PERMITTED IN THE COMMISSIONER'S RULES."

RISK FACTORS

Purchasing Certificates involves certain risks. Please carefully consider the following risk factors before deciding to purchase a Certificate.

Not FDIC or SIPC Insured. Our Certificates are not bank deposits. They are not issued by, and are not obligations of, a bank. They are not FDIC or SIPC insured.

No Guarantee by the U.S. Conference or MB Foundation. Neither the U.S. Conference, MB Foundation nor any other MB organization has guaranteed the repayment of our Certificates. You must rely solely on MBLF for repayment.

Your Inability to Demand Redemption. We are not obligated to redeem Term or Negotiated Certificates until they mature. Consequently, you may be unable to redeem your Certificate in the event of an emergency or for any other reason. If we choose to accommodate a request to redeem part or all of a Certificate before it matures, we may assess a penalty. See “Description of Our Certificates” on page 7.

MB Foundation’s Fiduciary Responsibilities May Conflict with Our Interests. MB Foundation’s responsibilities include managing funds held in trust or in endowments on behalf of other MB organizations. MB Foundation allocates a portion of the principal balance of its Preferred Certificate to trusts or endowments that it manages. At some point, MB Foundation may decide that its duties as manager or trustee of these funds require it to demand payment of some or all of the principal of its Preferred Certificate even if doing so would have adverse consequences for us. See “Description of Our Certificates—Preferred Certificate” on page 10 for more information on the Preferred Certificate.

Redemption Requests Could Exceed Available Funds. As of December 31, 2021, we had funds available in cash, cash equivalents and readily marketable securities in an amount equal to \$48,016,465. This amount represents 35% of the total principal amount we are obligated to pay on the outstanding Certificates (\$136,161,959 at December 31, 2021). In 2022, a total of \$98,992,617 in outstanding Certificates will mature or are payable on demand based on Demand and Advantage Certificates outstanding as of December 31, 2021. In addition, MB Foundation has the right at any time to redeem its Preferred Certificate, which had a principal balance of \$52,780,304 as of December 31, 2021. If the combined total of redemption requests exceeds our available funds, we might be required to

sell or liquidate some or all of our assets. We cannot assure you that proceeds from selling our assets would be sufficient to fund all redemption requests. See “Certificate Program—Liquidity and Investments” on page 12.

Unsecured Debt Obligations. The Certificates are unsecured general debt obligations of MBLF, and you will be dependent solely on our financial condition and operations for repayment. As a holder of an unsecured obligation, you will have a claim on our assets equal to those of our other unsecured creditors. But the claims of any secured creditors will have priority over your claim. See “Certificate Program—Possible Secured Debt” on page 12.

Certificates May Be Subordinated. Our Certificates may in the future be subordinated to senior secured indebtedness. Although we have no senior secured indebtedness as of the date of this Offering Circular, we may pledge assets to secure loans we obtain from banks or other lenders in the future. Because our Certificates are unsecured, secured lenders that we may have in the future will have the right to be paid from our assets that are pledged to them before you and the rest of our Certificate holders. It is our current policy, however, subject to certain exceptions, to limit the amount of senior secured indebtedness to no more than 10% of our tangible assets on the date of the pledge. See “Certificate Program—Possible Secured Debt” on page 13.

Not a Commercial Lender. WE CANNOT BE COMPARED TO A COMMERCIAL LENDER. We may make loans to borrowers that cannot get financing from commercial sources. In addition, because of our relationship with our borrowers, our loan policies may be less stringent than commercial lenders and we may accommodate partial, deferred or late payments from some of our borrowers. See “Loan Program—Loan Policies” on page 15.

Regulatory Environment Could Change. If state or federal laws, rules, or requirements regarding the sale of debt obligations of charitable or other non-profit organizations change, it may become more difficult or costly to offer and sell Certificates. To the extent that we rely upon investors to renew their outstanding Certificates, an end to our ability to sell Certificates or permit renewals in some or all states could lead to a situation in which we may have

insufficient liquid funds to repay all investors at maturity or upon demand according to the terms of their Certificates.

Automatic Reinvestment at Maturity. Our Term Certificates renew automatically when they mature, except for investors in certain states. See “State Specific Information” on page iii. Although we will notify you when your Term Certificate is about to mature, if you do not inform us in writing before it matures that you want to redeem the Certificate, the principal and accrued interest will automatically reinvest for another term equal to the original term at the interest rate then in effect for new Certificates of that term. You will not be able to redeem these reinvested funds without penalty or permission until the end of the new term. See “Description of Our Certificates—Term Certificates” on page 9.

Informal Appraisals. We do not always require appraisals on our collateral as part of the loan application process. Even when we do, we do not always obtain *formal* appraisals. Therefore, the value of a specific secured property could be less than we believe. Similarly, the amount outstanding with respect to a specific loan could exceed the value of the property securing it. Although we typically do conduct a site inspection for loans of significant size, there can be no assurance that we will do so in all cases.

Transfer of Certificates Prohibited. You may not transfer our Certificates without our consent; they are not negotiable and there is not now, nor will there be, a public market for them. Therefore, you should expect to hold a Certificate for its entire term.

Our Right to Redeem Certificates. We may redeem any Certificate, in whole or in part, at any time upon 30 days’ prior written notice, without your consent. We may redeem Demand Certificates and Advantage Certificates with principal balances of less than the \$100 minimum initial investment. See “Description of Our Certificates—General Terms—Our Redemption Right” on page 8.

Historical Reinvestment Rates May Change. In 2021, 2020 and 2019, investors in our Term Certificates reinvested approximately 84%, 95%, and 92% respectively, in principal amount of Certificates at maturity. We cannot assure that this rate of reinvestment will continue. A significant reduction in the rate of reinvestment could negatively affect our ability to repay maturing Certificates when due.

No Trust Indenture. We do not intend to arrange for a trust indenture to provide for the payment of principal on our Certificates. Therefore, no trustee

will monitor our ongoing affairs on your behalf. There is no agreement providing for joint action by investors in the event we default on our Certificates. In addition, except as provided by law, our failure to pay the interest or principal on one Certificate will not be a default of other Certificates. Finally, you will have none of the other protections a trust indenture might provide.

Individual Retirement Accounts. A self-directed IRA may invest in Certificates if permitted by the IRA trustee or custodian. A self-directed IRA is an individual retirement account that allows the holder the option of selecting investment vehicles for the IRA account. Investors who invest through their IRA should consider whether the investment is in accordance with the documents and instruments governing the IRA; whether there is sufficient liquidity in the IRA should the IRA’s beneficiary need to take a mandatory distribution; and whether the investment could constitute a non-exempted prohibited transaction under applicable law. Consultation with a competent financial and tax adviser is recommended. See “Description of Our Certificates – IRA Program” on page 7.

No Sinking Fund or Escrow. We have not set up a sinking fund or escrow to help pay principal and interest on our Certificates; nor will we. Accordingly, we do not have funds set aside specifically for repayment of Certificates and offering proceeds will not be segregated from our other assets. Our ability to repay a Certificate will, therefore, be solely dependent on our financial condition and liquidity at the time the Certificate must be paid.

Tax Consequences. There are no income tax benefits with respect to investments in the Certificates. Interest on your Certificate will be taxable as ordinary income to you regardless of whether accrued interest is paid to you or added to the principal of your Certificate, unless the Certificate was purchased for an IRA account. You cannot claim a charitable tax deduction for the purchase of your Certificate. If interest paid is below market interest, the Internal Revenue Service may, in some circumstances, impute income up to the market interest level. We may be subject to certain reporting and withholding requirements as are other interest payers. See “Tax Aspects of Owning Certificates” on page 16.

Nature of Borrowers. We make most of our loans to MB churches and organizations as well as organizations that share our values. Their ability to repay these loans often depends on contributions they receive from their members. If a borrower’s

members make fewer contributions than expected, the organization may have difficulty repaying its loan. The inability of a borrower to make timely payments on its loan could adversely affect our ability to make interest and principal payments on Certificates. See “Loan Program” on page 13.

Special Purpose Properties. The real property securing our loans is generally considered special purpose property and typically has a very limited market. If we were to foreclose on any real property securing a loan, we may not be able to sell the property at a price at least equal to the amount of the loan.

Lack of Environmental Audits. We do not typically conduct an environmental audit before approving a loan. If environmental pollution or other contamination is found on or near property securing a loan, we could, in some cases, face environmental liability or our security for the loan could be impaired.

Geographic Concentration of Borrowers. The aggregate amount of our loans receivable from borrowers in California, Washington, Utah, Oregon, Arizona and Colorado is approximately 39%, 14%, 9%, 5%, 5%, and 5%, respectively, of our total loans receivable as of December 31, 2021. Adverse economic conditions, a reduction in population, or the loss of purchasing power by residents in any of these states, or the Western region of the United States generally, could correspondingly reduce the amount of contributions borrowing churches and organizations receive from their members. This could, in turn, adversely affect the ability of these borrowers to repay their loans. In addition, if real estate values were to decline in these areas, it could adversely affect the value of the properties serving as collateral for our loans. See “Loan Program—Loans Receivable” on page 13.

Geographic Concentration of Investors. As of December 31, 2021, approximately 63%, 19% and 7% of the outstanding principal amount of our Certificates were owned by investors in Kansas, California, and Oklahoma, respectively. This includes the Preferred Certificate held by MB Foundation in Kansas, which represented 39% of total outstanding Certificates. Adverse economic conditions in any of these states could correspondingly result in increased redemptions of Demand Certificates, increased requests for redemptions of Term and Negotiated Certificates, and decreased reinvestment rates for maturing Term and Negotiated Certificates owned by investors in these states. This could, in turn, adversely affect our liquidity, our ability to operate our programs, and

ultimately our ability to repay Certificates. See “Description of Our Certificates” on page 7.

Concentration of Loans Receivable in Limited Number of Borrowers. Of our \$102,590,060 in total loans receivable at December 31, 2021, \$44,634,215 or approximately 44%, was owed by 10 borrowers. At December 31, 2021, there were two individually significant borrowers whose balances totaled \$24,288,953. If one or more of these borrowers is unable to repay their loans, our own ability to make interest and principal payments on Certificates could be adversely affected. It is our current policy, subject to certain exceptions, that no more than 50% of our net assets may be loaned to any one borrower. See “Loan Program—Loans Receivable” on page 13.

Unsecured Loans. Typically, our loans are secured by real property or other collateral or by third party guarantees. However, we do make some unsecured loans. We may not be able to recover all of the principal and interest on an unsecured loan if a borrower defaults.

Construction and Renovation Loan Risks. Our borrowers often use our loans to construct new facilities or renovate existing facilities. If any of the following risks associated with construction and renovation are realized, they, among other risks, could adversely affect a borrower’s ability to repay its loan by increasing construction costs or delaying or preventing completion:

- The borrower and its contractor may not sign a fixed-price construction contract.
- The contractor may not post a completion bond.
- Completion may be delayed due to, among other things, shortages of materials, strikes, acts of nature, delays in obtaining necessary building permits or architectural certificates, environmental regulations or fuel or energy shortages.

In addition, we may disburse some construction payments without first obtaining architectural certification, relying instead on the representations of the borrower. If these representations are incorrect, we may advance more money than is warranted by the state of construction completed. See “Loan Program—Loan Policies” on page 15.

Liability for U.S. Conference and MB Foundation Debts. Because we are incorporated separately from the U.S. Conference and MB Foundation, we are generally not liable for claims against them or their affiliates. Nevertheless, our affiliation with them could lead to claims against us for matters involving them or their affiliates. If a

claim like this were made, it would adversely affect our financial condition.

Inability to Reinvest. While we intend to maintain all required registrations and exemptions in the states where we offer our Certificates for sale, we may not always be able to do so. If we are unable to maintain the appropriate registrations or exemptions in your home state, you may be unable to reinvest the proceeds of your Certificate, make additional investments in it, or purchase new Certificates. In addition, we are not registered or exempt from registration in all states, so if you move to another state you may be unable to reinvest the proceeds of your Certificate, make additional investments in it, or purchase new Certificates.

Right to Change Policies. At various points in this Offering Circular, we describe our policies, such as our loan policies described on page 15, and our investment policies described on page 19. These descriptions are intended to help you understand our current operations. We reserve the right to change our policies, including our loan and investment policies and other policies and procedures in the future.

We May Sell Additional Certificates in Other Offerings. We expect to sell additional Certificates and/or other types of debt securities in other offerings. The total amount of \$125,000,000 to be sold in this offering is not a limitation on the amount of Certificates or other debt securities we may sell in other offerings we may conduct at any time. We have sold our Certificates in other offerings in prior years and anticipate that we will continue to sell additional Certificates or other debt securities as part of this continuous offering process.

Management of MBLF. Control of MBLF is exercised by our Board of Directors. You will not have voting rights or other rights to participate in the management of MBLF or any of its affiliates by virtue of an investment in the Certificates.

Our Investments Are Subject to Market Risks. We may invest some of our liquid assets in marketable securities, which are subject to various market risks that could result in losses if market values decline. In addition, our investments may exceed FDIC and SIPC limits and may not, therefore, be protected by those programs.

Our Remedies as a Lender May Be Subject to Certain Limitations. Our remedies as a lender are subject to limitations and borrower protections imposed under applicable bankruptcy and other laws. Our remedies as a creditor upon default by any of our borrowers will be subject to various laws,

regulations and legal principles that provide protections to borrowers. Our legal and contractual remedies, including those specified in our loan agreements and mortgages, typically require judicial actions, which are often subject to discretion and delay. Under existing law (including, without limitation, the Federal Bankruptcy Code), the remedies specified by our loan agreements and mortgages may not be readily available or may be limited. A court may refuse to order the specific performance of the covenants contained in the loan agreements and mortgages. In addition, the laws of a particular jurisdiction may change or make it impractical or impossible to enforce specific covenants in the loan agreements.

In addition, the various security interests established under the loan agreements and mortgages with borrowers will be subject to other claims and interests. Examples of these claims and interests are:

- Statutory liens;
- Rights arising in favor of the United States, or any agency thereof;
- Constructive trusts or equitable liens otherwise imposed or conferred by any state or federal court, including the exercise of its equitable jurisdiction; and
- Federal bankruptcy laws or bankruptcy laws of another jurisdiction affecting amounts earned by the borrower after institution of bankruptcy proceedings by or against the borrower.

We Could Experience Conflicts of Interest. Due to our close relationship with the U.S. Conference, MB Foundation and MB churches and organizations, we may be subject to conflicts of interest that potentially could be adverse to investors. See “Our Organization and Its History” on page 11 and “Financial Discussion and Analysis—Related Party Transactions” on page 18.

Our Collateral May Be Uninsured or Inadequately Insured. As a result, if fire or other casualty damages our collateral, we may not be able to recover against it.

We Utilize Digital Technologies in Our Operations. We utilize digital and cloud-based technologies and services in our operations, many of which are provided by third party vendors. We rely upon these vendors and these technologies and services for maintaining, processing, delivering, and storing proprietary data and other records related to

our business. This data includes confidential customer information. Storing and delivering electronic data has inherent risks, including, without limit, unauthorized access to data, data theft, temporary or permanent loss of data, and hardware and software failure. While we and our vendors have taken steps to protect against these risks, there is no guarantee these measures will be 100% effective in safeguarding the electronic data we maintain or the services we utilize. If you choose to utilize our digital services, including our online account access portal, we can offer no assurances or make any warranties as to the accuracy and availability of such technologies or the data contained therein.

The Outbreak of the Novel Strain of Coronavirus, SARS-CoV-2, Which Causes COVID-19, Could Adversely Impact Our Business.

The ongoing coronavirus situation and the related warnings, advice, guidance, and mandates of government authorities and infection disease experts, including restrictions on travel and in-person meetings and preferential or protective government actions, could interrupt our key activities, limit our employee resources, increase our use of digital technologies and the risks associated with them, and have a material adverse impact on our operations (including operations provided by third-party vendors), financial condition (including cash flow, liquidity, loan repayments, collateral values, loan defaults, loan loss reserves, and investment performance), compliance with loan covenants, and financial results. The coronavirus situation has

resulted in significant financial market volatility and uncertainty, and we are exposed to the risks of an economic recession, market volatility, and economic and financial crisis. The ongoing coronavirus situation and any resultant economic recession or other severe economic disruption in the U.S. or a particular region may also result in decreased contributions to our borrowers, with whom we have a relationship that may differ from commercial lenders, and could adversely affect their ability to fulfill their obligations to us and the value of our collateral. We have and may again defer loan payments, allow interest-only payments, or make other loan modifications to accommodate our borrowers, and these accommodations could negatively impact our operations.

Due to the speed with which the coronavirus situation has developed and the unknown duration and severity of the event, the extent to which the event may impact our business will depend on future developments, which are highly uncertain and cannot be predicted with confidence, such as the ultimate geographic spread of the disease, the duration of the outbreak, and further actions to contain the outbreak or treat its impact, such as travel restrictions, social distancing and quarantines or lock-downs, business closures or business disruptions, the effectiveness of actions taken to contain and treat the disease, and the overall impact on the economy as well as on our borrowers and investors.

This Offering Circular may contain forward-looking statements about our plans, strategies, objectives, goals, and expectations. These forward-looking statements are identifiable by words or phrases indicating that we “expect,” “anticipate,” “project,” “plan,” “believe,” or “intend” that a particular event may or will occur in the future or similarly stated expectations. These forward-looking statements are subject to many factors, including the above Risk Factors and the other information contained in this Offering Circular that could cause actual results to differ materially from the stated expectations. We undertake no obligation to update or revise any forward-looking statements to reflect developments or information obtained after the date of this Offering Circular.

DESCRIPTION OF OUR CERTIFICATES

We are offering up to \$125,000,000 in unsecured Certificates on a national basis. This section describes the terms of our Certificates, subject to any state-specific requirements set forth in “State Specific Information” on page iii.

General Terms

Our Demand, Advantage, and Term Certificates share the features and terms described in this subsection. Our Negotiated Certificates share the features and terms described in this subsection unless otherwise agreed by us and the investor. For information on the terms of the Preferred Certificate, see “Preferred Certificate” below.

Plan of Distribution

We sell our Certificates only through our officers and employees, and only by this Offering Circular. We do not use underwriters or outside selling agents, and no direct or indirect commissions or other remuneration will be paid in connection with the offer and sale of the Certificates. If you wish to purchase a Certificate, please complete the Purchase Application and Agreement attached to this Offering Circular and return it with a check in the amount of your investment. We accept only cash, checks, money orders and similar cash payments in exchange for Certificates. We do not accept third party checks. Certificates are issued for 100% of the principal amount invested.

IRA Program

Certificates may be held as investments for Individual Retirement Accounts (“IRAs”) under arrangements made with GoldStar Trust Company of Canyon, Texas. Under these arrangements, GoldStar Trust Company acts as the trustee or custodian of a self-directed IRA, and invests the IRA’s funds in the Certificates as directed by the investor. We do not regard these arrangements with GoldStar Trust Company, or the separate IRA accounts for which GoldStar acts as trustee or custodian, as securities, and no separate securities registration or filing has been made with respect to them. These arrangements are merely a method by which you can provide for the investment of funds in the Certificates offered by this Offering Circular through your IRA. More information on these arrangements for IRAs is available upon request.

Please be aware that GoldStar Trust Company may assess fees, including a processing fee for annual distributions or closure of an IRA account, and you will need to enter into a separate and

independent account agreement with GoldStar Trust Company.

No penalty will be assessed for early redemption of a Term Certificate held by an IRA if the early redemption is required to meet a required minimum disbursement of the IRA.

Interest Rates

Our Demand, Advantage, and Term Certificates have a variable interest rate, which is set by our Board of Directors from time to time based on market conditions, prevailing interest rates and other applicable indicators. Negotiated Certificates may have either a variable interest rate or a fixed interest rate, depending on the agreement made with the investor. You will be notified in writing of any change to the interest rate on your Certificate. Generally, no change will be effective earlier than 30 days after we have mailed you the notice though we may waive this limitation in the event of an increase in the interest rate that would benefit investors. A change in the interest rate of a Term or Negotiated Certificate will not give you any additional right to redeem the Certificate before it matures.

Interest on our Term Certificates accrues daily and is added to the principal balance (compounded) on the last day of each month, and at maturity if a Term Certificate is renewed for an additional term. Investors may elect to have accrued interest in excess of \$25 paid to them monthly by ACH transfer to the investor’s bank account. Currently, ACH transfers of interest are made on the third day of the applicable month. Principal and interest due at maturity is not paid by ACH transfer.

General Debt Obligations

The Certificates are our unsecured general debt obligations, and you will be dependent solely on our financial condition and operations for repayment. As a holder of an unsecured obligation, you will have a claim on our assets equal to those of our other unsecured creditors. But the claims of any secured creditors will have priority over your claim. See “Certificate Program—Possible Secured Debt” on page 13.

Transferability

Our Certificates are not transferable without our consent. You may not sell them, pledge them as collateral, or give them away without our express written consent.

Our Redemption Right

We may redeem any Certificate, in whole or in part, at any time upon 30 days' prior written notice, without your consent. We reserve the right to redeem Demand Certificates, Advantage Certificates, and Term Certificates with principal balances of less than the minimum initial investment.

Ownership

You may purchase and hold our Certificates in one of four ways:

- **Individually.** Owned by a single individual or entity.
- **Joint tenant with right of survivorship.** The surviving Certificate owner becomes the sole owner upon the death of the other owner.
- **Trusts.** Certificates may be purchased in the name of trusts, both revocable and irrevocable. When Certificates are purchased in this form, they will be issued in the name of the trust listed on the Purchase Application & Agreement. We reserve the right to request trust and other documents we deem necessary to confirm the identity and powers of the trustee(s).
- **IRAs.** Certificates may be purchased through IRAs. See "IRA Program" above.

If you hold your Certificate individually, you may designate that we pay the principal and any accrued interest to a specific individual or organization at your death. As a joint tenant, ownership of the entire Certificate would pass to you when the other owner dies.

To hold your Certificate as trustee of your own living trust, you must have set up a living trust. While we will facilitate the purchase of a Certificate in trust, you should contact a planned giving advisor at MB Foundation, an attorney, or a financial planner for assistance with setting up a living trust.

Donations

You may opt to donate the principal and accrued interest on your Certificate to a 501(c)(3) organization of your choice. However, we may refuse to honor a donation request, particularly if the donation is to an organization that we, in our

discretion, determine to be contrary to our mission or that of the U.S. Conference.

The donation may be made effective immediately or upon your death. When a donation is effective, we will redeem your Certificate and donate the outstanding principal and accrued interest according to your written instructions. If your donation of a Certificate is effective immediately, we generally will redeem your Certificate immediately without penalty.

You may revoke a donation that is to be made effective at your death at any time. But your heirs, beneficiaries or personal representatives may not revoke a donation after you die. An immediately effective donation is not revocable.

If you would like to make a donation with regard to a Certificate, please contact us for the appropriate paperwork.

Additions to Principal

You may make additions of at least \$50 to the principal of your Certificate at any time. For Certificates that are not held in an IRA, simply send us a check for the additional amount and indicate the Certificate number that it is to be added to. Please contact us regarding additions to Certificates held in IRAs. Additions to Term and Negotiated Certificates will mature at the same time the initial investment matures.

Direct Deposit

Holders of Demand, Advantage, Term or Negotiated Certificates may authorize monthly investments of \$50 or more to be transferred electronically from their bank account or other account on the **5th or 20th day of each month**. You may choose to invest with direct deposit by completing an ACH authorization form and returning it to us along with a voided check for the account to be debited. An ACH authorization form is available upon request. You should allow 10 business days from the time we receive the form before the direct deposit will occur. This authority will remain in effect until we have received written notification from you to terminate or change the terms of the direct deposit. You should allow 30 days from the time we receive a notice for the change to take effect.

Direct Deposit is also available with Certificates held as IRA investments. Contact our office for details.

Book Entry System

We currently use a book entry system to record ownership of all our Certificates. Therefore, we do not expect to send you a document representing your Certificate. We will, however, send periodic statements for each Certificate you own, showing the then outstanding balance on your Certificate.

Demand Certificates

Our Demand Certificates give investors the opportunity to redeem all or part of the principal balance at any time subject to certain conditions discussed below.

Redemption

You may redeem all or part of the principal balance of a Demand Certificate at any time. However, when you do, you must redeem at least \$50. In addition, you may only redeem funds up to two times each month. We will pay any redemption of your Demand Certificate to you within 30 days after we receive your request, although we generally can honor requests much more quickly. All accrued interest will be paid if the Certificate is fully redeemed.

Minimum Investment

To purchase a Demand Certificate, you must initially invest at least \$100. Thereafter, you may make additions of at least \$50 to the principal of your Certificate at any time. We reserve the right to redeem a Demand Certificate when its principal balance and accrued interest fall below \$100.

Advantage Certificates

Our Advantage Certificates differ from our Demand Certificates in two ways. First, they typically carry a higher interest rate. Second, only MB churches and organizations and the following individuals may purchase an Advantage Certificate:

- Current and retired MB pastors;
- Current and retired MB missionaries; and
- Current employees of Fresno Pacific University, MB Foundation, Multiply, Tabor College, U.S. Conference, MB district conferences, and MB churches.

Otherwise, the terms of an Advantage Certificate are the same as those of a Demand Certificate.

Term Certificates

Our Term Certificates have various terms and may not be redeemed without our consent before they mature.

Like our Advantage Certificates, Term Certificates earn interest at a variable rate that is typically higher than that of Demand Certificates. At any particular time, the interest rate on new Term Certificates will exceed the interest rate then in effect for new Demand Certificates by at least—and often more than—one half of a percentage point.

Minimum Investment

To purchase a Term Certificate, you must invest at least \$1,000. Thereafter, you may make additions of at least \$50 to the principal of your Certificate at any time. We reserve the right to redeem a Term Certificate when its principal balance and accrued interest fall below \$1,000.

Maturity

At the end of your Term Certificate's term, you may redeem either all or a part of the then outstanding balance and accrued interest on the Certificate. We will send you a notice at least 30 days before your Term Certificate matures. Unless you have already received one, we will also send you a current Offering Circular.

To redeem your Certificate when it matures, you must notify us in writing before the maturity date that you wish to do so. If you want to redeem less than the entire outstanding balance, your notice should also include the amount you wish to redeem. Any unredeemed portion of your Certificate will be renewed for another term equal to the term just completed, as long as it still meets the minimum balance requirements. If the unredeemed portion is less than the then current minimum investment amount, we may return the entire outstanding balance of the Certificate to you. Investors are encouraged to process redemption requests at maturity with a renewal instructions form.

If you do not notify us as described above, the entire outstanding balance and accrued interest of your Term Certificate will renew for another term equal to the term just completed. There is no limit on the number of times a Term Certificate can renew in this manner.

Early Redemption

Generally, you may not redeem a Term Certificate prior to maturity. If we allow you to do so, we reserve the right to charge you an early

redemption penalty. Our current penalty as of the date of this Offering Circular is equal to the forfeiture of six months of interest calculated at the interest rate in effect on the date we receive notice of a request for early redemption. We may retain both accrued interest and outstanding principal to pay this penalty. We reserve the right to change the amount of the early redemption penalty applicable to outstanding Certificates at any time.

Negotiated Certificates

If your total investment level in our Certificates is \$250,000 or more, the Certificates you purchase, subject to our agreement, may be designated as Negotiated Certificate(s). We will be amenable to negotiating the interest rate and term to maturity of Negotiated Certificates. All of the other terms of Certificates that are designated as Negotiated Certificates will be the same as the standard terms for Certificates of their respective type. Once the interest rate and term to maturity of a Negotiated Certificate are agreed upon between us, the terms of that Certificate will no longer be subject to further negotiation.

Your existing Certificates do not automatically convert to Negotiated Certificates and they will continue to be subject to all terms applicable to the standard Certificates of that type unless otherwise agreed.

Your “total investment level” includes the outstanding balance of all of your Certificates, including Negotiated Certificates. But only the funds held in Certificates designated as Negotiated Certificates will be subject to the negotiated terms. For purposes of determining your total investment level, we will consider Certificates held in the following ways to be counted as your Certificates:

- Certificates in your name, your spouse’s name, or the name(s) of your minor children;
- Certificates in the name of your trust or your spouse’s trust;

We expect to use the cash proceeds from the sale of our Certificates in this offering for one or more of the following primary purposes:

- To make loans primarily to churches, organizations and qualified individuals within the U.S. Conference or affiliated with an MB organization, that subscribe to the Confession of Faith of the U.S. Conference, or that otherwise share our values, mainly for the acquisition, construction, renovation, maintenance,

- Certificates in your IRA or your spouse’s IRA; and
- Certificates in the name of a business entity that you own and control, either wholly or together with your spouse.

We may, in our sole discretion, consider Certificates held in ways not described above for purposes of determining an investor’s total investment level. Certificates held jointly, in the name of a minor or in the name of a business may only be attributed to one of the parents or owners, as the case may be, in determining an investor’s total investment level.

If your total investment level falls below \$250,000, any Negotiated Certificate that you hold will earn interest at the standard interest rate then in effect for the applicable type of Certificate.

Preferred Certificate

Our Preferred Certificate is available only to MB Foundation, which may invest in the Preferred Certificate on its own behalf, as the manager or trustee of donated funds, or in other fiduciary capacities. The Preferred Certificate is payable upon demand by the Foundation. As of December 31, 2021, this Preferred Certificate had an outstanding principal balance of \$52,780,304.

Like all our Certificates, we reserve the right to redeem the Preferred Certificate, in whole or in part, at any time upon 30 days’ prior written notice.

The interest rate on the Preferred Certificate is adjusted each month based on indicators including the average rate of return on our outstanding loans and other interest-bearing assets, and other factors in accordance with policies set by our Board of Directors from time to time. The interest rate ranged between 2.188% and 3.819% during 2021.

USE OF PROCEEDS

operation and improvement of churches, real property, facilities and equipment.

- To make grants to qualified MB churches and organizations, including MB Foundation, as our Board of Directors may occasionally determine.
- To increase, maintain or support our liquidity.
- To pay operating expenses.
- To pay the expenses of this offering, which we anticipate to be less than one percent (1%) of the total offering amount.

- To pay interest or principal on any Certificates we have issued

- To the extent we do not immediately use funds for any of the above purposes; we may add them to our general fund.

OUR ORGANIZATION AND ITS HISTORY

Our Organization

MBLF is a religious not-for-profit corporation serving the financial needs of conferences, churches, institutions and agencies affiliated with the U.S. Conference, MB organizations, and other organizations that share our values, and their members. We were incorporated under the laws of the state of Kansas in 2002 and are exempt from federal income taxation under Section 501(c)(3) of the Code. Our principle business office is 200 East D St, Hillsboro, Kansas 67063.

Our primary purpose is to offer financial support through loans and grants to churches and organizations affiliated with the U.S. conference, MB organizations, and other organizations that share our values to help them achieve their established goals. To this end, we raise capital by soliciting donations and selling Certificates, including, but not limited to, the \$125,000,000 of Certificates offered on a national basis by this Offering Circular. These Certificates, which provide general obligation financing for us, are not specifically secured by particular loans to specific borrowers. However, with the capital raised through selling the Certificates, we are able to make loans with competitive rates and favorable terms to qualified churches, organizations and individuals for capital improvement projects. As with everything we do, we seek to manage funds consistent with our Christian faith—with accuracy and prudence.

Our Association with the U.S. Conference

In addition to assisting churches, institutions and other agencies related to the U.S. Conference, we are closely tied to the U.S. Conference through our Board of Directors. Each of our directors was approved by the U.S. Conference.

The U.S. Conference can trace its roots to the Mennonite Brethren Conference, which began in 1879 with a vision for mission and education. Within five years, funds had to be gathered to send missionaries to India and to start a school. Later formalized as the General Conference of Mennonite Brethren Churches, the Conference included all

Mennonite Brethren church members within Canada and the United States.

In 1963, the U.S. Conference was incorporated in the state of Kansas. The vision of the U.S. Conference is (i) to provide Biblical guidance for the Mennonite Brethren Churches throughout the United States, (ii) to encourage an assertive program of evangelism and church planting, and (iii) to develop and affirm leadership in all levels of MB organization ministry. The mission of the U.S. Conference is to be an extension of and resource to the local church in fulfilling the Great Commission in disciple making, in evangelism and in planting and nurturing churches.

Our History

Although MBLF was not incorporated until 2002, our functions originated with the General Conference of Mennonite Brethren Churches Board of Trustees in the early twentieth century. Our loan program was eventually passed to the U.S. Conference, then to MB Foundation, before coming to rest with us on December 31, 2002.

In the tradition of the organizations that previously handled the loan program, we continue to provide financing primarily to MB churches, organizations and qualified individuals as well as other organizations that share our values.

Relationship with MB Foundation

We have a unique relationship with MB Foundation. MB Foundation is the “parent” organization of MBLF and exercises control over MBLF through common Boards of Directors. The members of our Board of Directors also serve on MB Foundation’s Board of Directors. MB Foundation also handled the Certificate and loan programs prior to our incorporation and is the sole investor in the Preferred Certificate. See “Description of our Certificates—Preferred Certificate” on page 10. MB Foundation and MBLF are separate corporations and neither is liable for the obligations and indebtedness of the other. MB Foundation is not the issuer of the Certificates and has not guaranteed repayment of the Certificates.

CERTIFICATE PROGRAM

Our Certificate Program consists of our Certificate selling and repayment activities.

Sales, Redemptions and Reinvestments

In 2021, we received a total of \$39,781,900 in cash proceeds from sales of our Certificates, and experienced a total of \$40,764,912 in Certificate redemptions. Of the \$41,682,795 in principal amount of Term Certificates that matured in 2021, \$34,887,495 was reinvested at maturity, resulting in a reinvestment rate of 84%.

Liquidity and Investments

As of December 31, 2021, we had \$1,147,122 in cash and cash equivalents, and \$46,869,343 in investments. Together, this represents 35% of the total principal amount we are obligated to pay on the outstanding Certificates (\$136,161,959 as of December 31, 2021).

Additional information with regard to all of our assets is set forth in the "Investing Activities" section on page 19 and in the Financial Statements.

Possible Secured Debt

Currently, we have not pledged any assets as collateral for any of our outstanding indebtedness. If we did so, the assets pledged as collateral could not be used to pay off Certificates until the other indebtedness was paid in full. In other words, the Certificates would be “subordinated” to “senior secured indebtedness.”

Should we subordinate your Certificate to the claims of future creditors by creating, incurring or voluntarily permitting liens upon our assets or otherwise using our assets to secure a loan or other

obligation, it is our current policy that the senior secured indebtedness would not exceed 10% of our tangible assets, unless it is one of the following:

- A lien or charge for current taxes, assessments or other governmental charges that are not delinquent, that remain payable without penalty, or that are contested in good faith as invalid.
- A surety bond, an appeal bond, a bond for the release of an attachment or for stay of execution, or a lien made to secure a statutory obligation.
- A judgment lien.

LOAN PROGRAM

We offer loans primarily to MB churches, organizations and qualified individuals as well as other organizations that share our values at competitive rates and on favorable terms to help them achieve their goals. We also sometimes offer home loans to qualified church, district, and conference employees. This section describes these lending activities.

Loans Receivable

As of December 31, 2021, we had 157 loans outstanding totaling \$102,590,060 to 121 borrowers as follows:

Loans receivable at December 31, 2021, will mature as follows:

<u>Year</u>	<u>Amount</u>
2022	10,447,500
2023	6,551,901
2024	10,417,632

2026	16,674,385
Thereafter	53,780,136
	<u>\$ 102,590,060</u>

The aggregate amount of our total loans receivable from borrowers in California, Washington, Utah, Oregon, Arizona, and Colorado was approximately 39%, 14%, 9%, 5%, 5% and 5%, respectively. These six states together represented 77% of our total loan portfolio of December 31, 2021. No other state contained a concentration of greater than 5%.

Of our total loans receivable, \$100,639,051 (98.1%) was secured by mortgages or deeds of trust; \$1,451,009 (1.4%) was secured by collateral other than real property; \$500,000 (0.5%) was secured by third party guarantees; and none was unsecured.

Loan Commitments

As of December 31, 2021, we had outstanding loan commitments totaling approximately \$34,533,000, which consisted of \$8,870,000 in approved but unfunded loan commitments, \$12,750,000 of undrawn lines of credit, and \$12,912,000 in existing but unfunded construction loan commitments. Of these commitments, \$600,000 would be unsecured if drawn upon. A portion of these commitments will likely expire without being fully drawn upon, so the total amount of commitments is not a direct representation of future cash requirements.

Organization Loans

Under our loan program, we make loans primarily to churches and organizations within the U.S. Conference or affiliated with an MB organization, that subscribe to the Confession of Faith of the U.S. Conference, or that otherwise share our values (“**Organization Loans**”), mainly for the acquisition, construction, renovation, maintenance, operation and improvement of churches, real property, facilities and equipment.

For an MB church to qualify for a loan, we generally ask that it demonstrate fellowship and cooperation with the U.S. Conference and include approved U.S. Conference ministries in its budget. Other organizations will typically qualify for Organization Loans if they are affiliated with the U.S. Conference or an MB organization, subscribe to the

Confession of Faith of the U.S. Conference, or otherwise share our values.

Typically, we charge a 1% origination fee and an interest rate 50 basis-points higher than the standard rate on loans to non-MB organizations.

At December 31, 2021, we had \$102,590,060 in total loans receivable. Organization Loans generally earn interest at a variable rate. The maturity dates of these loans range from 2022 to 2043. The weighted average interest rate on these loans was 4.69% at December 31, 2021. These loans are secured by a mortgage or deed of trust.

Home Loans

We also offer home loans for the refinancing, purchase or construction of primary residences in the United States for qualified church, district, conference, and MBLF employees (“**Home Loans**”).

As of December 31, 2021, we had 46 outstanding Home Loans with an aggregate principal outstanding of \$7,676,236, or 7% of our total loans receivable. These loans had maturity dates ranging from 2026 to 2051. Each of these loans is secured by a mortgage or deed of trust on the property. Home Loans generally have a 30-year term and earn interest at a 5-year adjustable rate. The weighted average interest rate on our outstanding Home Loans as of December 31, 2021, was 3.2%.

Loan Delinquency and Restructuring

Due to the nature of our relationship with our borrowers, we are willing to make accommodations with borrowers whose payments are not current, so long as such accommodations do not, in our opinion, jeopardize the interests of our investors. A loan is considered impaired when, based upon current information and events, it is probable that we will be unable to collect all amounts due according to the contractual terms of the loan agreement. Loans are classified as delinquent when payments are 90 days overdue.

During 2020, we allowed 25 borrowers to make loan modifications due to the impact of the COVID-19 situation. These loans were not considered impaired, delinquent, past due, or restructured. As of December 31, 2020, all of these loans had returned to normal. We also provided a “Borrower Relief Grant” to all of our borrowers in April 2020, equal to one month’s interest.

As of December 31, 2021, we had no delinquent loans and no impaired loans. As of December 31, 2020, we had no delinquent loans and no impaired loans, and as of December 31, 2019, we had one delinquent loan

in the aggregate amount of \$1,551,221 and no impaired loans.

Allowance for Loan Losses

We have established an allowance for loan losses which is maintained at a level that, in management’s judgment, is adequate to absorb probable loan losses. The amount is based upon an analysis of the loan portfolio by management including, but not limited to, review of the collectability of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower’s ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This process is based on estimates and ultimate losses may vary from current estimates. In 2021, management engaged in its usual analysis as well as consideration of the uncertainty of the ongoing coronavirus situation and its potential effect on our borrowers and determined to make no change to our loan reserve, which remained at \$2,717,612. See Note 4 of the Financial Statements.

Participations

We may sell participation interests in our loans to third parties from time to time, including a pro-rata interest in the collateral securing the loan. When we do so, we continue to service the loans and remit a portion of each loan payment we receive from the borrowers to the buyers of the participation interest. The participations are non-recourse, which means that we will have no obligation to repurchase the portion of the loan we sold, and that the purchaser will assume the risk of loss on that portion of the loan. Accordingly, the portions of the loans we sell are not included in our outstanding loans receivable figures. It is our practice not to securitize any portion of our loan portfolio, and as of the date of this Offering Circular no portion of our loan portfolio was securitized.

We may also purchase participation interests in individual loans from third party lenders. Under these loan participation agreements, the third-party lenders maintain all records, collect all payments and remit monthly the appropriate pro rata share of both interest and principal collected on the loans. These agreements typically provide that we will share ratably with the third-party lenders in the event of any extraordinary expenses required to preserve the collateral or enforce the lender’s rights with respect to the loan. Similarly, we share ratably in the costs and proceeds in the event of any foreclosure, sale of collateral or other collection action. Our right to take any enforcement action with respect to the borrower or collateral of any of these loans is subject to the cooperation of the third-party lender who originated the loan. These purchased

participation interests are included in loans receivable in the Financial Statements.

At December 31, 2021, we owned \$5,416,308 of participation interests in two loans originated by other lenders. These purchased participation interests were purchased without recourse, are secured by real property, and are included in loans receivable in the Financial Statements. As of that same date, we had \$3,728,285 outstanding in participation interests in two loans we made and service, but participated to other lenders.

Loan Policies

Our Board of Directors has set certain policies that govern which borrowers we lend to and the terms of our loans. In addition, the Board of Directors generally reviews and must approve each loan application and its terms. However, our current policy allows an administrative committee or our Board's executive committee to approve loans up to \$100,000 to borrowers that meet certain financial criteria, and an administrative committee composed of officers and directors to approve Home Loans up to \$300,000, though our Board of Directors may change this policy in its discretion.

Each loan application we receive represents a unique borrower in unique circumstances. Our Board of Directors recognizes that certain policies may not be appropriate for every borrower or every circumstance. Therefore, it may, in its discretion, decide not to follow all the loan policies described in this Offering Circular when determining whether to make a loan to a particular borrower. Due to the unique nature of each borrower and its circumstances, we cannot predict which of the following policies, if any, our Board of Directors may choose not to follow.

General Policies

We typically require borrowers to secure our loans with a first mortgage or deed of trust on the borrower's real estate. To protect this interest in the real estate, it is our policy to require borrowers to provide title insurance to us from an approved underwriter and to maintain property insurance payable to us protecting against the loss of or damage to the real estate by fire, flood or other common disaster. In addition, we often will not close on the loan or advance funds until the property has been inspected by one of our representatives.

We also may accept collateral in the form of equipment or similar property; automobiles; cash, cash equivalents and investments; and third-party guarantees. We may on occasion make loans that are not secured.

Most of our loans have a variable interest rate, which is set by our Board of Directors. The Board reviews the interest rates on these loans at least twice a year and may raise or lower them as it sees fit in light of market conditions and other factors, such as the prime rate and our operational needs and financial condition. We may also adjust a borrower's monthly payments to reflect a change in the interest rate.

We rarely make Organization Loans with a term longer than 15 years. But we may allow payments on a 25-year amortization schedule with a balloon payment of the balance due at the end of the 15-year period. Generally, borrowers may make prepayments on the principal of the loan without penalty. If a borrower defaults on a payment and fails to make the payment after receiving an overdue notice, we may accelerate the loan, making the principal and accrued interest immediately due and payable.

When we provide loans to construct new buildings, generally the borrower may not begin construction until the loan has been closed. Before we release any funds, one of our representatives typically inspects the site to confirm that the work for which the draw on the loan is being made has been completed. Finally, during construction, we often assess a one percent (1%) interest rate premium on the loan. When the borrower makes the final draw and the loan is amortized, interest on the loan begins to accrue at the then current rate.

Organization Loan Policies

When we make Organization Loans, we may request a meeting with appropriate church committees or institutional boards. We use these meetings to discuss the building plans and specifications, the church or institution's role in the loan process, and our purposes and obligations in the administration of our loan program.

We typically ask a borrowing organization to provide us with financial information that demonstrates its ability to service the debt. Examples of financial information we often consider include financial statements, written budgets and other adopted financial plans. We also examine this information for evidence that the borrowing organization has consistently supported other MB organizations such as conferences and ministries, if applicable.

We typically will not make a loan to an organization if the loan would cause payments on its overall debt to exceed 40% of its annual receipts. Organizations may also have to agree that they will not incur additional debt that would cause them to exceed this limit without our written permission.

Generally, Organization Loans are not for more than 75% of the lower of aggregate cost or value of the property securing the loan. We typically obtain an appraisal or broker price opinion to verify the fair market value. If an approved guarantor guarantees the loan, we often waive this 75% limitation. We usually also consider whether a church applying for a loan is located in a community where it can realistically be maintained.

Home Loan Policies

Applications for Home Loans generally must include a credit report and a property appraisal.

A base interest rate is calculated by taking the 11th District Cost of Funds Index, which is the weighted-

average interest rate paid by 11th Federal Home Loan Bank District savings institutions for savings and checking accounts, plus a margin. Adjustments are calculated off of the borrower's credit score and down payment or loan to value ratio.

Interest rates will not be lower than the rate offered on the 5-year Term Certificates at the time the loan is made, and are adjustable every five (5) years. Standard amortization is 30 years.

A Home Loan is generally not transferable. Therefore, it may not be assigned to or assumed by a party other than the borrower without our written consent. In addition, when the borrower sells the property, the loan often becomes immediately due and payable.

TAX ASPECTS OF OWNING CERTIFICATES

By purchasing a Certificate, you may be subject to certain income tax provisions of the Internal Revenue Code (“Code”). Some of the significant federal income tax aspects of purchasing a Certificate include the following:

- Although MBLF is a 501(c)(3) organization, you will not be entitled to a charitable deduction for the Certificate you purchase.
- Any interest on your Certificate will be taxed as ordinary income in the earlier of the year it accrues or the year in which it is paid to you.
- If required, we will provide you with a Federal Income Tax Form 1099-INT or the comparable form by January 31st of each year indicating the interest earned on your Certificate(s) during the previous year.

You will not be taxed on the return of any principal amount of your Certificate or on the payment of interest that was previously taxed. In addition, if you (or you and your spouse together) have invested or loaned more than \$250,000 in the aggregate with or to MBLF and other charitable organizations that control, are controlled by, or are under common control with MBLF, you may be deemed to receive additional taxable interest under Section 7872 of the Code if the interest actually accruing on your Certificate is less than the applicable federal rate. If you believe this applies to you, you should consult your tax advisor.

If the laws creating the tax aspects described in this summary change, this summary could become

inaccurate. This summary is based on the Code, the regulations promulgated under the Code and administrative interpretations and court decisions existing as of the date of this Offering Circular. These authorities could be changed either prospectively or retroactively by future legislation, regulations, administrative interpretations, or court decisions. Accordingly, this summary may not accurately reflect the tax consequences of an investment in our Certificates after the date of this Offering Circular.

In addition, this summary does not address every aspect of tax law that may be significant to your particular circumstances. For instance, it does not address special rules that may apply if you are a financial institution or tax-exempt organization, or if you are not a citizen or resident of the United States. It also does not address Certificates purchased through an IRA, SEP, or 403(b) plan or other retirement plan. Nor does it address any aspect of state or local tax law that may apply to you.

This discussion of federal income tax consequences was written to support the promotion or marketing of the Certificates and is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding tax penalties. Each prospective investor is advised to consult the investor's own tax counsel or advisor as to the federal, state, local, or foreign income or other tax consequences of an investment in our Certificates.

FINANCIAL DISCUSSION AND ANALYSIS

Certificates

As of December 31, 2021, our outstanding Certificates totaled \$136,161,959. This represents an increase of \$1,847,470 or 1% above our Certificates outstanding of \$134,314,489 as of December 31, 2020, which represented an increase of \$25,007,545 or 23% above our Certificates outstanding of \$109,306,944 as of December 31, 2019. reinvestment activity in our Certificates, as well as our enhanced sales activity in order to meet increased loan demand.

As of December 31, 2021, the weighted average interest rate being paid to investors in our Certificates was 1.69%. This compares to weighted averages of 2.40% as of December 31, 2020, and 2.86 % as of December 31, 2019. Interest rates offered on Certificates are based upon a number of factors,

including market conditions, prevailing interest rates and other applicable indicators. Our total interest expense on our Certificates in 2021 was \$2,972,930, compared to \$3,070,473 in 2020, and \$3,141,696 in 2019.

Related Party Transactions

Our Board members are also MB Foundation Board members. Currently, some of our Board members also serve on the boards of U.S. Conference and Pacific District Conference. In addition, some of our Board members and officers may serve on boards or as pastors of their local churches, although we do not consider these affiliations to be strong enough to constitute related party transactions in either our Certificate or loan programs when dealing with those organizations. Our Board members are required to abstain from discussing or deliberating (other than to present factual information or to answer questions), affecting, and voting on any transaction that could possibly be an affiliate transaction with respect to that Board member, and any transaction in which a Board member has a conflict of interest is entered into only after approval by a majority of the Board members who do not have an interest in the transaction. See “Our Organization and Its History” on page 11, and “Management” on page 20 for more detailed discussions of these relationships. Future transactions with our Board members or officers will be on terms no less favorable to us than could be obtained from an independent third party.

We may periodically have loans or Certificates outstanding with the U.S. Conference, MB Foundation, MB churches and organizations with whom Board members or officers are affiliated, or with Board members or officers themselves. We believe that these loans are extended and Certificates are offered on the same terms and conditions as other loans and Certificates, with the exception of the Preferred Certificate which is only available to MB Foundation on the terms discussed in the section entitled “Description of Our Certificates—Preferred Certificate” on page 10.

As of December 31, 2021, we had four loans outstanding to four of our officers, with an aggregate outstanding balance totaling \$666,995 and a weighted average interest rate of 2.7%. As of that same date, we had three loans outstanding to three employees with an outstanding balance of \$181,087 and a weighted average interest rate of 2.67%.

At December 31, 2021, we had six Certificates totaling \$855,356, with a weighted average interest rate of 0.82%, outstanding to an MB conference who has a board member who is also on our board. At December 31, 2021, we also had a line of credit loan commitment to an MB conference for a total of \$200,000 with an interest rate of 4.5%, which was unfunded. At December 31, 2021, we also had two loans with an outstanding balance of \$741,846, and an interest rate of 5.00%, to an organization that has a board member who is also one of our officers. Details

on the Preferred Certificate held by MB Foundation can be found in the section entitled “Description of Our Certificates—Preferred Certificate” on page 10.

We made grants to the MB Foundation of \$700,000, \$350,000, and \$325,000 in 2021, 2020 and 2019, respectively. We also paid MB Foundation \$54,240, \$46,248, and \$43,980 during 2021, 2020, and 2019, respectively, in exchange for management and accounting services.

INVESTING ACTIVITIES

Our investment policy has been established by our Board. Our general investment objectives under that policy include (1) the preservation and protection of our assets, (2) the provision of funding for our loan program, (3) the minimization of risk with regard to the investment of our liquid assets while seeking a rate of return commensurate with that of intermediate term government bonds, (4) the control of investment administration costs, (5) the maintenance of liquidity necessary to meet regulatory, short-term and emergency needs, and (6) the satisfaction of all requirements of the North American Securities Administrators Association and related state agency requirements. To this end, we seek to invest the majority of our assets in our loan program, while maintaining sufficient liquid assets (cash, interest-bearing and readily marketable securities) to provide short-term liquidity.

We believe that the liquidity necessary for ordinary operations may be facilitated through a cash management system utilizing multiple investment pools each maintaining a specified balance, risk, and maturity structure. Each of the investment pools represent progressively decreasing levels of liquidity, increased risk, and potentially increased return. The pools consist of interest bearing bank accounts (Pool I), money market mutual funds (Pool II), bank and credit union certificates of deposit (Pool III) and a mixed debt and equity account (Pool IV).

Pool IV is limited to fixed income securities in the form of U.S. treasuries, U.S. agencies, corporate bonds and other asset backed securities, as well as up to 30% in church extension fund certificates, and up to 10% in equities. These securities must be investment grade at the time of purchase, except up to 10% of Pool IV may be in securities that are not investment grade. We seek to maintain an average maturity of 3-6 years and an average duration of 2-4 years on the fixed income securities in Pool IV.

We endeavor to invest in companies whose business is consistent with MB values and beliefs.

Accordingly, we seek to avoid companies associated or identified with alcoholic beverages, tobacco products, abortion, pornography, the gaming industry or the defense industry. This may impact the relative financial performance of the investment portfolio compared to performance that may have been achieved if we had not made any socially conscious investments.

Our Board has authorized our officers to carry out our financial affairs, including our investing activities. The names and background information on those individuals can be found in the section entitled “Management” on page 20. As of December 31, 2021, approximately \$32.9 million of our investment portfolio was held at the full-service brokerage firm Charles Schwab & Co., Inc.

We had investment income of \$530,710, \$1,149,792, and \$1,133,712 for the years ended December 31, 2021, 2020, and 2019, respectively. This investment income consisted of interest and dividends of \$1,333,310, \$805,178, and \$906,592 in each of these years, respectively, decreased by realized and unrealized losses of \$802,600 in 2021, increased by realized and unrealized gains of \$344,614 in 2020, and increased by realized and unrealized gains of \$227,120 in 2019.

As of December 31, 2021, our investments consisted of the following:

At fair value:	
Money market funds	\$ 6,600,229
U.S. government bonds	6,610,138
Corporate bonds	6,683,855
Certificates of deposit	2,239,615
Mutual funds	10,561,063
	<u>\$ 32,694,900</u>
At cost:	
Cash	\$ 254,519
Certificates of Deposit	252,138
Denominational loan fund certificates	13,667,786
	<u>\$ 14,174,443</u>
	<u>\$ 46,869,343</u>

The growth in our Certificate balance relative to our loan portfolio has afforded us the opportunity to have larger cash balances during difficult economic times. Historically, our liquid assets have been sufficient to meet normal Certificate repayment requests and loan commitment requirements.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Mennonite Brethren Loan Fund
Hillsboro, Kansas

Opinion

We have audited the accompanying financial statements of Mennonite Brethren Loan Fund, which comprise the statements of financial position as of December 31, 2021, 2020, and 2019, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mennonite Brethren Loan Fund as of December 31, 2021, 2020, and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mennonite Brethren Loan Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mennonite Brethren Loan Fund's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Board of Directors
Mennonite Brethren Loan Fund
Hillsboro, Kansas

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mennonite Brethren Loan Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mennonite Brethren Loan Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MENNONITE BRETHREN LOAN FUND

Notes to Financial Statements

December 31, 2021, 2020 and 2019

1. NATURE OF ORGANIZATION:

Mennonite Brethren Loan Fund (Fund) is a nonprofit, tax-exempt corporation, which is a separate legal entity affiliated with the Mennonite Brethren Foundation (Foundation). Its primary mission is to serve the financial needs of the Mennonite Brethren conference, churches, institutions and agencies. Activities include loaning funds primarily to Mennonite Brethren organizations, as well as other organizations that share similar values, for the purpose of facility construction or operational needs; offering to qualified workers of the Mennonite Brethren churches loans for the purpose of purchasing or constructing their residences; raising capital from primarily Mennonite Brethren organizations and individuals; and expressing generosity by making grants from earnings to the Foundation. The Fund's primary means of obtaining funds has been through the issuance of investment certificates.

The Fund shares a common board of directors with the Foundation whose consolidated financial statements include the accompanying Fund financial statements.

The Fund is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Fund has been classified as an organization that is not a private foundation under IRC Section 509(a)(1).

2. SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the Fund have been prepared using the accrual basis of accounting. The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include checking accounts and sweep accounts. Other accounts such as money market accounts are considered investments regardless of their original maturity. Cash held as part of a larger investment portfolio is included in investments. At December 31, 2021, 2020 and 2019, the Fund's cash balances exceeded federally insured limits by \$1,017,288, \$969,522, and \$734,131, respectively. The Fund has not experienced any losses on these accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

INVESTMENTS

Investments are reported at fair value. Fair values for investment securities are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments. Realized and unrealized gains and losses are reported as net investment gains and losses in the statements of activities.

MENNONITE BRETHREN LOAN FUND

Notes to Financial Statements

December 31, 2021, 2020 and 2019

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

CLASSES OF NET ASSETS

The financial statements report amounts by classification of net assets. Net assets without donor restriction are those currently available at the discretion of the Board for use in the organization's operations, those designated by the Board for specific purposes and those resources invested in property and equipment. At December 31, 2021, 2020 and 2019, the Fund had no net assets with donor restrictions.

PROPERTY AND EQUIPMENT

Property and equipment purchases in excess of \$2,000 are capitalized at cost and depreciated on the straight line method over the estimated useful lives of the related assets, which range from one to forty years.

LOANS RECEIVABLE AND ALLOWANCE FOR LOAN LOSSES

Loans receivable consist of loans primarily to Mennonite Brethren organizations and qualified church workers, as well as other organizations that share similar values, primarily secured by real estate mortgages, although the Fund does make some unsecured loans and some loans that are secured by third-party guarantees and other forms of collateral. Most of the loans are originally set up for a term of five to fifteen years for organization loans, and thirty years for home loans. Loans are reported at their outstanding principal balances net of loan participation interests sold and allowance for loan losses.

The allowance for loan losses is maintained at a level that, in management's judgment, is adequate to absorb probable loan losses. The amount is based upon an analysis of the loan portfolio by management including, but not limited to, review of the collectability of the loans in light of historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and prevailing economic conditions. This process is based on estimates and ultimate losses may vary from current estimates. As changes in estimates occur, adjustments to the level of the allowance are recorded in the provision for potential loan losses in the period in which they become known.

Due to the nature of the relationship with its borrowers, the Fund is willing to make accommodations with borrowers whose payments are not current, so long as such accommodations do not jeopardize the interests of the Fund's investors. A loan is considered impaired when, based upon current information and events, it is probable that the Fund will be unable to collect all amounts due according to the contractual terms of the loan agreement. Loans are classified as delinquent when payments are 90 days overdue. Delinquent and impaired loans continue to accrue interest. Payments on delinquent and impaired loans are recorded first as interest income and then as a reduction in principal. The accrual of interest income is discontinued when, in management's judgment, the scheduled interest may not be collectable within the stated term of the loan. Interest income is recognized on a cash basis for loans classified as nonaccrual loans, with subsequent payments applied first to interest and fees, if any, and then to principal. Loans classified as nonaccrual loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

MENNONITE BRETHREN LOAN FUND

Notes to Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

LOANS RECEIVABLE AND ALLOWANCE FOR LOAN LOSSES, continued

The Fund may sell participation interests in its loans to third parties from time to time. When the Fund does so, it continues to service the loans and remit a portion of each loan payment it receives from the borrowers to the buyers of the participation interest. The participations are non-recourse, which means that the Fund will have no obligation to repurchase the portion of the loan it sold, and the purchaser will assume the risk of loss on that portion of the loan. Accordingly, the portions of the loans it sells are not included in the outstanding loans receivable.

The Fund may also purchase participation interests in individual loans from third party lenders. Under these loan participation agreements, the third-party lenders maintain all records, collect all payments and remit monthly the appropriate pro rata share of both interest and principal collected on the loans. All loan participations are purchased without recourse and are secured by real property.

FUNCTIONAL ALLOCATION OF EXPENSES

Expenses are recognized when incurred in accordance with the accrual basis of accounting. The costs of providing program services and supporting activities have been allocated on a functional basis, determined by use of the facilities, level of support effort, and relative program benefited.

The Fund evaluates loans for impairment on an individual basis if the loan is more than 90 days delinquent. These loans are then given a specific allowance based on the estimated net realizable value of property serving as collateral. All other loans are evaluated for allowance on a collective basis. At December 31, 2021, all loans were collectively evaluated and no impairment was noted.

Status for performing and nonperforming real estate loans is based on payment activity for the year. Payment activity is reviewed by management on a monthly basis to determine how loans are performing. Loans are considered to be nonperforming when days delinquent is greater than 60 days in the previous month. The following table presents credit exposure by performance status for the years ended December 31, 2021, 2020 and 2019:

	December 31,		
	2021	2020	2019

	<u>\$ 102,590,060</u>	<u>\$ 99,079,267</u>	<u>\$ 84,757,544</u>

An aging analysis of the principal of past due loans receivable is as follows:

	December 31,		
	2021	2020	2019
Past due:			
Greater than 90 days	\$ -	\$ -	\$ 1,551,221

	<u>\$ 102,590,060</u>	<u>\$ 99,079,267</u>	<u>\$ 84,757,544</u>

The Fund classifies loans as past due if the loan is more than 30 days past due but less than 90 days delinquent. There were no past due loans or loans classified as delinquent or impaired as of December 31, 2021 and 2020. At December 31, 2019, the Fund had one delinquent loan with a principal balance of \$1,551,221. The amount of interest and principal payments owing on this delinquent loan was \$59,390. Interest income recognized on this delinquent loan during 2019 was \$97,070. The Fund believes that the collateral related to the delinquent loan will be sufficient to repay the loan balance.

The delinquent loan totaling \$1,551,221 was 1.8% of the Fund's aggregate principal balance of total loans outstanding at December 31, 2019.

The Fund matches up to 6% of annual compensation for all eligible employees working 20 hours or more a week to a 403(b) plan sponsored by the Foundation. Employer contributions totaled \$31,095, \$27,427, and \$23,059 during 2021, 2020 and 2019, respectively.

9. RELATED PARTY TRANSACTIONS:

As described in Note 1, the Fund is affiliated with the Foundation. The Fund's Board members are also Foundation Board members. The Foundation has agreed to provide management and accounting services to the Fund at a fee to be determined periodically. Management fees paid by the Fund to the Foundation during 2021, 2020 and 2019, totaled \$54,240, \$46,248, and \$43,980, respectively. In addition, the Fund made a grant to the Foundation of \$700,000, \$350,000 and \$325,000 in 2021, 2020 and 2019, respectively. One preferred demand certificate held by the Foundation bears interest at a variable rate. The balance on this certificate as of December 31, 2021, 2020 and 2019, was \$52,780,304, \$46,736,692, and \$34,440,334, respectively.

Some of the Fund's board members also serve on the board of the U.S. Conference of Mennonite Brethren Churches (U.S. Conference), boards of the district conferences and boards of Mennonite Brethren educational institutions. From time to time the Fund may have loans or certificates outstanding with the U.S. Conference, district conferences, or Mennonite Brethren educational institutions.

The Fund offers a Home Loan program in which loans are available for the purchase or construction of primary residences in the United States for qualified church, district and conference employees. In addition, it is available to the Fund's staff as a benefit of employment. Board members, who are otherwise eligible, may participate in the Home Loan program. At December 31, 2019, the Fund had three loans with an outstanding combined balance of \$356,719, with a weighted average interest rate of 3.44%, with three officers. As of that same date, the Fund had two loans outstanding to two employees with an outstanding combined balance of \$145,544 with an interest rate of 3.41%. At December 31, 2019, the Fund had seven certificates totaling \$649,528, with an average interest rate of 1.57%, to two Mennonite Brethren Conferences who have board members also on the Fund's board. The fund also has four certificates totaling \$307,595 with an interest rate of 1.00%, to an educational institution who has a board member also on the Fund's board. At December 31, 2019, the Fund also had two line of credit loan commitments to Mennonite Brethren Conferences for a total of \$500,000 with an interest rate of 5.2%, of which both are unfunded.

10. CONCENTRATION OF CREDIT RISK:

Financial instruments that potentially subject the Fund to concentrations of credit risk consist principally of cash and cash equivalents, marketable securities and loans receivable.

From time to time, cash deposits are in excess of the FDIC insured limits; while management is mindful of the FDIC limits, they realize that cash balances generated in the ordinary course of business will generally exceed FDIC insured limits. At December 31, 2021, approximately \$32.9 million of the Fund's assets were managed by the investment management firm of Charles Schwab & Co., Inc., member SIPC. The Fund has not experienced any losses on these accounts and does not believe it is exposed to any significant risk of loss related to these funds.

Concentrations of credit risk with respect to loans receivable are limited to a certain extent by the secured position of the Fund in most instruments, the number of organizations comprising the Fund's loans receivable base and their dispersion across geographic areas, and the Fund's policy of limiting the maximum loan amount to any one borrower. As described in Note 4, the Fund's policy is to make loans primarily to Mennonite Brethren churches, organizations and qualified individuals, as well as other organizations that share similar values. At December 31, 2021, approximately 44% of the loans were to qualified organizations, 7% were to qualified church workers and 49% were to other organizations. Loans made by the Fund are typically secured by first mortgages and are normally limited to 75% of the aggregate cost or value of the property securing the loan. As described in Note 4, the Fund also had \$1,951,009 in unsecured loans, loans secured by third party guarantees or other sources. While the Fund may be exposed to credit losses in the event of nonperformance by the above contracting parties, management has established an allowance for potential loan losses, which it believes is adequate to cover any such losses.

A substantial portion of the investment certificates issued by the Fund are demand instruments or will be maturing within the next two years. In addition, all demand investment certificates are payable upon 30 days written notice subject to availability of funds. The Fund has insufficient liquid assets to satisfy repayment of this amount. Management anticipates, similar to past history, that a substantial portion of these certificates will be reinvested or rolled over into new certificates with the Fund.

11. LOAN COMMITMENTS:

In the normal course of business, the Fund makes commitments to extend loans to meet the financing needs primarily of Mennonite Brethren churches, organizations and qualified individuals, as well as other organizations that share similar values. At December 31, 2021, the Fund had outstanding commitments of approximately \$34,533,000 to fund construction in progress, undrawn lines of credit and real estate mortgages.

Outstanding commitments are letters that outline the terms and conditions of the mortgage to be granted. The total commitment amount does not necessarily represent future cash requirements since construction costs may not total the amount the Fund agreed to lend or the commitments may expire without being fully drawn upon. The Fund's exposure to credit loss, in the event of nonperformance by the churches to which it has extended commitments, is limited to the amount of the commitment. The Fund controls the credit risk of its commitments through credit approvals, limits and monitoring procedures.

12. FAIR VALUE MEASUREMENTS AND DISCLOSURES:

The Fund uses appropriate valuation techniques to determine fair value based on inputs available. When available, the Fund measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available. The valuations for each of these levels are determined as follows:

Level 1 - Quoted prices for identical instruments traded in active markets.

Level 2 - Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets or model-based valuations where significant assumptions are observable.

Level 3 - Model-based techniques using significant assumptions that are not observable. These unobservable assumptions reflect estimates of assumptions that market participants would use.

15. RISK AND UNCERTAINTIES:

In March of 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. COVID-19 has caused a severe negative impact on the world economy and has contributed to significant volatility in financial markets. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Fund for future periods. Management is carefully monitoring the situation and evaluating its options as circumstances evolve.

16. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through March 17, 2022, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.
